a G
There's more to me, than you can see
D
Don't think me easy
And it goes more deep, than you'd believe
But don't call me crazy

a D
I may seem to you the nicest girl in town and yeah I'm tryin' my best,
my very best,
And all the time that I am down, I keep smiling to forget the rest,
all the rest
...
Cos' ... there's more to me
...

And sometimes I wanna be someone else, yeah maybe the perfect bitch,
the perfect bitch
And it's more a fight to stick to the rules and smother my impulse to shove you
over a cliff
just think of it
...
Cos' ... there's more to me
...

You think me a girl always wearing a skirt and showin' my knees, but please me,
I'm a woman now
I'm a woman now
And my needs go beyond all my coy eyes are lettin' on, when you look me around,
I'm
playin' around
I'm playin' around
...
Cos' ... there's more to me
...I'm crazy...
