**Chorus:**

**It's an ordinary day,  
I see some clouds in the sky,  
hangin' around that little ol' sun,  
tellin' me somethin', boy, oh why?  
Maybe I take my things and run ..**

Some are sayin' it's my birthday,  
But how the hell can they know,  
I ain't got flowers on my table,  
I ain't got sweet things on the go,  
And I ain't askin' for no more

**Chorus: It's an ordinary day ..**

Some tellin' me I'm somethin' special,  
But I ain't shinin' through my ass,  
My eyes ain't bluer than the ocean,  
I ain't worth a seat first class,  
And my flavour (sure) ain't goin' to last ...

**Chorus: It's an ordinary day ..**

**Guy:** I'm just an ordinary guy,  
playin' an ordinary guitar,  
You're buggin' my ego with conversation,  
You still won't know who you are,  
And the truth, I say, it ain't that far

**Girl:** I'm just an ordinary girl,  
Livin' an ordinary life,  
You can can go on wastin' your time with me,  
I ain't the one who needs the drive,  
I'm just a girl who wants to survive

**Chorus: It's an ordinary day ..**
